HISTORY

About Us

THE Company, with trade in South Africa, Ghana, UAE Dubia, was established as a direct result of more than 10 years of expertise in the fields of non-ferrous metals and precious metals throughout West Africa. One of the most competitive precious metals trading firms in the Middle East, CIK COMMODITY was founded on the principles of dependability, credibility, and trust.

OUR PROCESS

Mission

- Partner with clients who share our values of integrity and ethics
- Employ the most effective technical capabilities and talents necessary to become a leader in the commodities trading business
- Provide the work environment of choice for all of our employees and hires with leading HR practices
- Deliver prompt and methodical services to our customers
- CIK COMMODITY is the first choice for clients looking for comprehensive solutions in the worldwide precious metals sector thanks to its extensive understanding of both the local and global markets and unmatched industry expertise.

Vision

- Be a reliable and efficient commodities trading company that exceeds the goals and needs of its clients, while upholding the highest standards of integrity in every phase of the transaction and ensure that all applicable regulatory requirements are fully met.

WHY US

- ➔ Strong client relationships built on a foundation of mutual respect and awareness of each client's unique demands are primordial at CIK COMMODITY
- ➔ Due to its comprehensive solutions for the region's precious metals industry and its solid partnerships with regional refineries and foreign bullion banks, CIK COMMODITY is able to provide its clients with goods and services at very competitive prices.

CLIENT SERVICE

- ➔ All is executed by the guiding principle of paying meticulous attention to each client, comprehending their needs and issues, and assisting them in creating export procedures to enable resource optimization.
 - ➔ CIK COMMODITY provides clients customized solutions based on their specific requirements and offers experience, in-depth knowledge, and a vast worldwide network with specialized knowledge in dealing with precious metals.
 - ➔ CIK COMMODITY oversees every step of the process, from trading and risk management to assaying, refining, and secure global logistics, making sure that the services are proficient, efficient, transparent, and, most importantly, exceed the needs of each client, in:
 - Precious metals trading
 - Physical Bullion
 - Precious Metals Financing
 - Assaying
 - Refining
 - Secured deliveries worldwide
-

We Offer

- Cik Commodity Consulting Services has an exemplary reputation among mining companies, both locally and internationally. We have the expertise to advise mining and exploration companies on all mining disciplines. We assist businesses in undertaking new projects – from initial target generation stage, right through to final mine closure.
- Cik Commodity Services include all disciplines within the mining industry: geology and Mineral Resource estimations, mining engineering, metallurgy, mineral economics and mine financial valuation, as well as compliance and corporate reporting.
- As a company we are a team of professionals with impressive track records, impeccable credibility and appropriate local and international professional registrations. Our personnel are members of the various regulatory bodies in South Africa that exercise control over the standards of conduct for professional natural scientists and engineers.
- Reports compiled by Cik Commodity comply with local and international reporting standards and are globally accepted in all the reporting jurisdictions. We work closely with each client and our client base ranges from large mining corporations and mid-tier resource companies, to banks and corporate investors.
- Cik Commodity Consulting Services has an international network of contacts with mining companies, financial institutions and stock exchanges. This plays a pivotal role in our client relationships as it offers access to opportunities, market insights and expertise that can significantly contribute to the success and sustainability of mining projects.
- Cik is, first and foremost, an advisory and mining consulting service company. Our core business is to provide clients with independent solutions to all matters that arise in the field of mining.

WAREHOUSING AND STORAGE

Warehousing Capabilities

CIK Commodity maintains state-of-the-art warehousing solutions that are crucial for its operations. These facilities are designed to handle various commodities with specific storage requirements:

Target Market

- Logistics and Freight Companies: Seeking temporary storage for containers and equipment.
- Construction Firms: Requiring storage for heavy machinery and tools.
- Importers and Exporters: Needing secure storage for goods awaiting clearance.
- Manufacturers: Looking for a reliable location for raw materials and finished products.

Services Offered

1. Container Storage:

- Secure storage for various container sizes.
- Easy access to containers for loading and unloading

2. Plant and Equipment Storage:

- Dedicated areas for heavy machinery and equipment.
- Options for short-term and long-term storage.

1. Flexible Storage Solutions:

- Customized storage plans to meet client needs.
- Additional services like inventory management and logistics support.

1. Value-Added Services:

- Forklift and loading services available on-site.
- 24/7 security and surveillance for peace of mind.

BUSINESS OVERVIEW

Core Values

- The team of seasoned experts, Area Managers, and Compliance Officers at CIK COMMODITY commit to upholding the highest standards of ethics, corporate principles, and compliance.
- In terms of responsible sourcing CIK COMMODITY is steadfastly committed to offering top-notch services while upholding the highest moral and ethical standards. To create a responsible supply chain, we are wholly committed to upholding the necessary standards for human rights, labor practices, environmental impact, and corporate ethics.

POLICY

- CIK COMMODITY is aware that the extraction, trading, handling, and export of minerals from high-risk and conflict-affected regions can pose a risk of major unfavorable effects on Gold and Platinum Group Metals (Platinum, Palladium, and Rhodium).
- We are aware that it is our duty to uphold human rights and avoid fomenting strife. We agree to adopt, widely disseminate, and include in contracts and/or agreements with our clients a policy on responsible sourcing of minerals from conflict-affected and highrisk areas.

GOVERNANCE

- .This policy will serve as a standard for conflict-sensitive sourcing practices and suppliers' risk awareness from the point of extraction until end user. We pledge to abstain from all actions that support the funding of armed conflict and to abide by any applicable domestic laws enacting relevant United Nations resolutions on sanctions.
- We strongly recommend our suppliers to operate in accordance with the OECD, RJC CC Standard for Precious Metals Supply Chain, the LBMA Responsible Gold Guidance and Dubai Multi Commodities Centre (DMCC) Rules for Risk Based Due Diligence in the Gold and Precious Metals Supply Chain.
- DMCC is the licensing authority for Jumeirah Lakes Towers, one of the largest mixed use free zone developments in Dubai. DMCC has developed a number of internationally-recognized responsible sourcing initiatives and protocols, including the Dubai Good Delivery (DGD) standard, an international benchmark for quality and technical specification for the production of gold and silver and the DMCC Practical Guidance, a 5-step risk management framework reference manual that has been developed in consultation with the OECD and global market participants.
